Bhopal, M.P.

PROFILE

Enthusiastic and dedicated student pursuing a B.Tech degree in Artificial Intelligence and Data Science at JNCT College, Bhopal. I have a strong passion for Artificial Intelligence and I am committed to building a career in this exciting field. With a solid foundation from my diploma in Computer Science Engineering (CSE), I am continuously expanding my skills in data handling and analysis. At 22 years old, I am eager to apply my knowledge and contribute to innovative projects, looking for opportunities to grow and excel in the software industry.

CERTIFICATES

- **Data Science & Machine learning (2023):** Teachnook
- **Programming in Java (2021):** CRISP
- **Front-end Web Development (2024):** IBM Skill Build
- **DBMS (2023):** Infosys
- **Data Structures and Algorithms (2023):** Infosys
- **SIS Tech innovation Hackathon (participation 2023):** SIS Tech
- **Data Dive Hackathon (2nd Prize 2023):** JNCT

PROJECTS

- **MUSIC RECOMMENDATION SYSTEM :** This project was using machine learning and data analysis we utilize a data set from Spotify to develop a music recommendation algorithm using cosine similarity using the lyrics of song to recommend user similar songs.
- **Note Providing System for College Students:** This project was created by using HTML, CSS for front end and PHP in the back end with this project we developed a web site which allows the student to share notes and study material with each other.

EDUCATION
